

# Lemon Grove Incorporation Election Drive Gains Impetus

Notice of intention to circulate a petition of incorporation was filed Monday this week at the county clerk's office, adding impetus to the big drive to make Lemon Grove a city in its own right. The filing sets a time limit now of 90 days from May 12 in which the incorporation petitions can be completed. The filing was in step with opening of two campaign offices by the Save Lemon

Grove for Lemon Grove committee. General offices have been established at 3442 Main street with production headquarters to operate out of the Grove theater building.

General co-chairmen of the chamber of commerce committee of 1000 for incorporation are Mrs. Louella W. Fellows and H. E. Le-

Barron, Captain, USN retired. Mrs. Marian Batchelder, prominent club and social worker, will direct the women's division while Jim Spears and Bob Vought will head up the finance committee. Robert Wilson has been designated treasurer of the committee of 1000 and executive committee members are Right Reverend Msgr. McDonagh, Dr. Robert Swenson, Rev. Walter Smith, Rev.

J. Phillip Bartlett, Rev. Don Cooke, Rev. Oral Butcher, Rev. Robert Rochelle. All members of the chamber of commerce board of directors are members of the executive committee. In accepting the appointment as co-chairman, Mrs. Fellows indicated her pleasure at being given an opportunity to further serve her home town which she has helped in so many ways for

the past 35 years. "I deem it an honor to help preserve our community identity and our local ways of life," Mrs. Fellows said. "We expect all loyal Lemon Grove people to join us in this program of saving Lemon Grove for Lemon Grove."

Captain H. E. LeBarron, in accepting the post of leadership in the campaign for incorporation of Lemon Grove, said, "It is a great honor to be selected to lead this battle for the survival of Lemon Grove. Every man and woman in our community is joining hands to protect and perpetuate the name and history of this city. Our choice is simple. If we do not incorporate now we must expect to be divided up between our neighbors and lose our Lemon Grove tradition and identity. Nearly two thousand citizens

have now joined in this fight and have pledged themselves to carry through to a successful conclusion this program for home rule and the American right to self-determination." The co-chairmen went on to establish a time schedule with the mailing of more than six thousand petitions to every property (Continued on Page 4)

## The Dimmer View

BY MAX GOODWIN

If my prognostication is correct, few more than 500 persons will vote Tuesday at the school board election. This makes election costs outrageously high per ballot and whether school elections should be held simultaneously with general election is a matter that can create a good argument among those who have feeling one way or another.

Trustees draw no pay. Possibly the only advantage aside from being a boss of many people and influencing the spending of more than a million dollars is that they feel they are serving the community.

At the high school level C. H. Foster and Rex Hall, both incumbents are running. I have worked (and battled) with both of these men. They are sound and they are sincere. I recommend that they be re-elected.

At the elementary school level the race chart is more complex. Robert E. Brown, who we recommended for serving when he ran, and won, three years ago has become a secretive man. Some of the other trustees have complained that he will not give them the benefit of his thinking on any matter until it comes up as a board matter.

Even the matter of whether he was going to run again for the school board was kept a family secret until after he filed. He filed just before the deadline after stating in this newspaper that "he had not made up his mind" to run.

A school board should be comprised of persons who have trust and faith in each other. There had been a deterioration of this trust and faith in recent years and the persons who can contribute the most to bringing about complete harmony on the board should be the ones elected.

What makes the election complex at all is that there are but two chairs to be filled. Bert Cosby, an incumbent; Barney Ambrose, a Convaire executive, and Mrs. Arva Piepenbrink, a housewife, a mother, a clubwoman, and a civic leader all qualify. The problem is which two of these three should it be.

I sat next to Mr. Miguel high school principal Mel Grant at a dinner last week honoring the four top students in the Grossmont high school district. The dinner was given by John A. Davis, the capable president of the Southland Savings Bank who invited also the principals and counselors of the youngsters so honored. His firm is offering a scholarship to the area's sharpest student.

While kudos were being dispensed, Grant and I fell to talking about some students who are equally capable but unhandsome. One, for example, is a lanky introverted youngster who has absorbed all the math Grant's high school can conjure up. Grant says this lad is a cinch to have tremendous effect upon the future of this nation in science research. But he is not a handsome lad... and his clothes do not hang on him properly. For this and other reasons he appears to lack self-confidence in public. But put him on top of a stack of trig figures and he'll consume them with cool capability.

The son of a widow with only meager income, this student is all but lost to the world of science.

There are scholarships, such as Mr. Davis' that takes care of the smart and personable students. It would be great if one were set up for those who are a little short on poise and personality.

A \$1,200 scholarship would save this brain for America's future. What a project for some service club!

## One-Foot Land Strip Sales Snipped by County Planners

San Diego (CNS) — The county planning commission Friday "snipped off the gimmick," as one of them expressed it, of somebody who was charging Lemon Grove property owners up to \$1,200 for one-foot strips of land.

The commission voted to accept a right of way previously refused, thus making Nina drive 41 feet wide and giving property owners on Massachusetts a chance to use the backs of their lots without buying the one-foot strips.

The lots in the area are upwards of 300 feet deep, but they can only be split by having access on Nina for the rear portions. The original sub-divider offered the county the one-foot strip, but it was denied. Then the land was offered for sale.

The planning commission was informed the first one-foot strip was sold for \$400, and prices have gone up steadily since. The current offering price, said Bartley Dunn, assistant planning director, was \$1,200. He added he did not know if any transactions had been completed at that price.

## Former CofC Head Passes

Frank O. Barber, 69, of 2336 Bonita Street, a resident of Lemon Grove for 28 years died Monday at his home. He had been ailing for many months but his death was unexpected.

He was a former president of the Lemon Grove chamber of commerce and until his retirement in April, 1954, after 26

years of service, he was switchboard operator for the San Diego Gas and Electric company at Station D on lower Broadway.

Survivors include his wife Anna, two sons; Daun of Lemon Grove and Kenneth of South Bend, Indiana, and a daughter, Emily Wallingford, of Adak, Alaska.

## Four Seats Up In School Board Double Election

Tuesday is election day in Lemon Grove. Voters will elect trustees to the school board at Grossmont high school district as well as to the elementary school district.

Polls will be at the various schools and for intents and purposes of location, you may vote at the public school nearest your residence.

Polls will be open from 7 a.m. to 7 p.m.

For Lemon Grove schools, voters will decide on returning two incumbents to the board. They are Bert Cosby and Robert E. Brown. Also running are Mrs. Arva Piepenbrink and Barney Ambrose. Mrs. Piepenbrink has

Don't hesitate about going to the polls next Tuesday to vote in the primaries if you failed to receive a sample ballot in the mail. The registrar's office this week pointed out all registered voters in the district are eligible. Several have reported not receiving ballots in the mail and prompted the reminder that doesn't constitute a vote stopper.

been active in community affairs such as the Swimming Pool Association. Ambrose is a Convaire executive. (See Dimmer View in this issue).

In the high school district Rex Hall and Clarence Foster are incumbents. Francis Andrews and John Dobson are also running for the two seats.

Andrews is a retired army colonel now serving as information officer with the navy. He is a Naval Academy graduate. Dobson is a Convaire executive.

## Tax Boost Gives LG Library

SAN DIEGO (CNS) — Supervisors Friday voted to increase the county library tax rate from 7 cents to 10 cents per \$100 of assessed valuation, with Lemon Grove expected to get a new library building out of the \$90,000 tax boost will raise.

The 10-cent rate becomes effective July 1. Of the amount to be raised, the sum to be allocated to new library facilities will be \$60,000. Plans were made last year for a library in Lemon Grove, to cost about \$75,000.

Supervisors approved allocation of that amount from general funds, but the state legislature passed a law limiting the use of general funds for library use. As a result, land donated to the county for a Lemon Grove library has remained unused.

Supervisor David W. Bird has been seeking a change in the state law, supported by County Librarian Frances Hahn, to get funds for the Lemon Grove library. Some of the \$60,000 for library facilities from the new tax rate will go to Lemon Grove, according to statements made earlier by county supervisors.

The remaining \$30,000 from the new rate, the preliminary 1958-59 fiscal year budget shows, will be divided between salaries and new help and unappropriated reserves. La Mesa and El Cajon, with Imperial Beach, are the only incorporated areas in the county affected by the tax boost.

## Swim Fiesta Plans Ready

Final plans for next week's big Pied Piper parade and two-day fiesta at the junior high school to raise funds for the Lemon Grove community swimming pool drive were this week nearing completion with reports fiesta visitors may obtain free top awards to be given.

The parade, featuring many floats, bands and special entries, will kick off the weekend of festivity beginning Friday afternoon. The fiesta will be opened from 5 until 11 p.m. Friday and from noon until 1 p.m. Saturday, May 24.

Saturday will also feature a chicken turnover dinner being served continuously from 4 until 7 p.m. at the junior high cafeteria by cafeteria workers who are donating their time and all profits to the fund to pay for a swimming pool site and begin actual work on pool construction.

All proceeds from the fiesta will be aimed at finishing payment on the pool site, drive officers said.

## Baby Injured

The 14-month old daughter of Mrs. Robert Crouse of 1336 North Magnolia Street, El Cajon was severely lacerated when she fell from an auto driven by her mother Tuesday.

According to the highway patrol Mrs. Crouse failed to observe a stop sign at Grove and Imperial and crashed into an auto driven by Mrs. Judy Mayer of Ramona. The impact of the crash tossed the youngster from the car.

## Supervisors Study Proposed Judgeship

SAN DIEGO (CNS) — Prospects for a second judge in the El Cajon municipal court district were brighter this week, although supervisors are still holding off on adding the Homeland district to the El Cajon one.

Judge R. Fenton Garfield, of the El Cajon court, told supervisors a week ago inclusion of Homeland area with the El Cajon district will insure appointment of a new judge. He said an eight-month backlog in cases to be handled makes another judge essential.

But supervisors Tuesday asked for an investigation of the effects of the re-districting. Supervisor David W. Bird brought up the status of Judge Luther N. Hussey, running for judge as a resident in the former Homeland district. That area has been added to San Diego, and Bird asked Deputy County Counsel Bertram McLees, Jr., if Hussey could be a candidate for a San Diego judgeship if his district were removed from the San Diego area.

McLees was directed to make a study of the consequences of realignment of judicial district boundaries and of the board of supervisors' authority to change the boundaries.

Although still stymied on this, Garfield won a victory this week in getting supervisors to amend their budget figures for the fiscal year beginning July 1 to include the salary of another judge and clerk. This had been left out of the preliminary budget presented by Chief Administrative Officer T. W. Heggland.

Heggland included in the budget an item of \$32,000 for construction of a new courtroom. He did not allow for salaries for a judge and clerk on the grounds the new courtroom would not be (Continued on Page 5)

## Play, Pay Win Okay By Board

The Lemon Grove school district board of trustees Monday night okayed a summer recreational program of supervised play for school grounds and raised the salary schedules of classified employees by about 4 1/2 per cent. Byron Netzel, district superintendent, said this week.

The pay boost is in line with last week's action when the board granted salary increases totaling \$35,000 to district teachers. The classified slate includes janitors, bus drivers, cafeteria employees and others working in various jobs in the school system.

Louis Poluzzi was named director of the summer play program which will feature recreational activities for youngsters at the district school play fields. Netzel said full programs would be developed at Monterey Heights, Vista La Mesa, San Miguel, Palm avenue and the LG junior high field. George Starkey and Ben Fleier will assist Poluzzi. The play program begins a week after schools let out and continues for a six-week period.

The year was 1913—the year of the inauguration of the idealistic scholar from Princeton as President, of Henry Ford's adoption of the assembly line, of the dedication of the Peace Palace at The Hague a little over a year before war was to envelop Europe. Fashion dictated the hour-glass silhouette and peg-topped trousers. And in the hinterlands that were described vaguely as Southern California, that same year saw the opening of a new bank—ambitiously named The United States National Bank.

Since those simpler days, a lot of water has gone through the irrigation ditches. These four and one-half decades have seen a miraculous transformation of a semi-desert into a land of orange juice and honey. The sleepy counties of Los Angeles, San Diego and Orange have burgeoned from 650,000 to over 7,224,000. And The United States National Bank has expanded to 16 offices, to serve those counties.

Pleased as we are over our own growth, those of us with U.S. National are even more pleased that Southland families and businesses have come to think of us as "the friendly bank." We'd like to serve you in any of our 16 branches. Won't you make it a habit to drop in, to meet your friends here—in short, to make yourself at home at U.S. National?

Peeylon also said the hospital heads a priority list by which the federal-state funds are allocated. The architects were requested to prepare a construction bid call for August.

### PLANTS CAN'T GROW IN POOR SOIL

If you desire large, colorful blossoms and beautiful green foliage, this is the time to enhance your fertilization program with some of the much-needed mineral elements which are either lacking in our soil or locked up because of high degree of alkalinity.

### TRACE ELEMENTS ARE NOT FERTILIZERS

The commercial fertilizers you use at this time of year give your plants an incentive to start to grow but you must fortify the soil for the long season ahead with the things your plants are going to need if they are to continue to be healthy throughout the summer. I suggest that you select a product containing these mineral elements and use it in your soil now. It is such a simple process to give these things to your soil, requiring no great amount of labor, and assuring you of a successful garden.

## Business District Zone Changes Loom

SAN DIEGO (CNS)—Changes in zoning for the business district of Lemon Grove were recommended to supervisors last week by the county planning commission.

The board of supervisors must now set a date for a hearing on the rezoning proposals, which have already drawn the fire of Lemon Grove businessmen and property owners. Complaints from Lemon Grove people were heard by the commission April 22.

The final draft for rezoning

took into account the protests heard at the April public hearing, according to Dr. Willis H. Miller, county planning director. He said additional protests and requests for changes in the original plan were received after the hearing closed. There was no legal basis for giving consideration to these late requests, Miller said.

Separate action was taken on 18 different requests for changes from the original plan, Miller stated. He indicated efforts were made in all cases to comply with property owners' suggestions.

At the close of the April hearing, the planning commission directed Miller and his staff to revise the proposed plan of rezoning, taking into consideration the opposition expressed.

At the Friday meeting, the commission accepted Miller's new plan, making only two minor corrections.

Supervisors are expected to hold public hearing on the rezoning early in June.

### GIRL BORN TO LG COUPLE

An eight pound, 4 1/2 ounce girl was born April 30 to Mr. and Mrs. Charles Sportsman, 3133 Chateau Way, Lemon Grove, at Grossmont hospital.

☆ Total earnings of 15 member banks of the New York Clearing House rose to \$271,000,000 for 1957.

owner in the proposed city this week.

"This petition which you will receive is our first step," Mrs. Fellows said. "We would like these petitions signed and returned immediately so they may be processed and turned over to County Assessor McQuilken for certification. This work will be completed in about eight weeks at which time the board of supervisors will set hearings."

Plans for mobilization of an incorporation army of 300 volunteer recruits to circulate petitions in behalf of the current campaign for cityhood in Lemon Grove were also announced by LeBarron, general chairman of the chamber of commerce civic committee for incorporation. The proposed boundaries have been filed and approved. Formal notice of intention to circulate such petitions requesting the board of supervisors to call a special incorporation election was filed late yesterday.

For the benefit of all Lemon Grove citizens, LeBarron outlined a probable time table of essential procedures which must be followed before self-government can become a reality:

(1) Secure the signatures of approximately 2000 property owners on the official petition. Signers must be the owners of property equivalent to at least 25 per cent of all land parcels within the proposed incorporation boundaries; and the total assessed valuation of the land owned by the petitioners must be equal to 25 per cent or more of the assessed valuation of all the land in the proposed city.

(2) Complete circulation of the petition and file with the board July 14.

(3) After the petition has been filed and checked for sufficiency of signatures by McQuilken, the board of supervisors will set a date for boundaries hearing to consider requests of property owners for exclusion from the proposed city. This will probably be around mid-August.

(4) The board of supervisors may either approve the boundaries as proposed or modify them. Supervisors usually take the matter under consideration for several days after the boundaries hearing.

(5) At the time the board of supervisors announces its findings, it also sets the date for a special election. The latter part of November would be the soon-

PLAN CAMPAIGN STRATEGY — Committee heads for the Lemon Grove incorporation campaign gathered this week to make final plans for the campaign which officially opens Thursday. Shown, from left, looking over campaign

material, are Mrs. Marian Batchelder, women's division director; H. E. LeBarron, general co-chairman; Jim Spears, finance committee co-chairman, and Mrs. Louella W. Fellows, general co-chairman.

est an election could be conducted if maximum time is required for all procedures.

(6) By accelerating the petition circulation and assuming only minor protests are filed at the boundaries hearing, the election conceivably could be scheduled from four to six weeks earlier.

(7) Immediately after the election returns have been canvassed by the board of supervisors, they are presented to the secretary of state for certification and Lemon Grove will become a city of general laws.

(8) Under the terms of the incorporation petition, Lemon Grove will be governed by five city councilmen, all elected at large. They will be selected on the same ballot at the time of the incorporation election.

(9) The new city council will take office immediately after the results of the election have been certified by the secretary of state. The city council will select one of its own members to serve as a qualified city administrator and mayor and will appoint such other municipal officers as may be required.

The current campaign for incorporation was launched only after months of careful study and is backed by a volunteer civic committee of more than 1000 members representing all walks of life and all sections of the pro-

posed city.

There are several legally required expenses and the campaign is being financed through volunteer subscriptions, LeBarron explained. "Even the smallest individual contributions are needed and will be gratefully received," he said. "Individual home-owners will be asked to subscribe the equivalent of just a penny a day for the duration of the campaign, or approximately \$1.90 each," he said.

## Supervisors Study Judge Issue Here

(Continued)

ready for use in time, with which Garfield disagreed.

The judge appeared before supervisors last week, asking that \$21,000 be put in the budget for salaries and urging inclusion of the Homeland district in his. He said most of the cases were coming to his court already, accounting for part of the doubling of his load in a year.

On Monday of this week, supervisors acceded to Garfield's requesting, putting the added salaries in the budget.

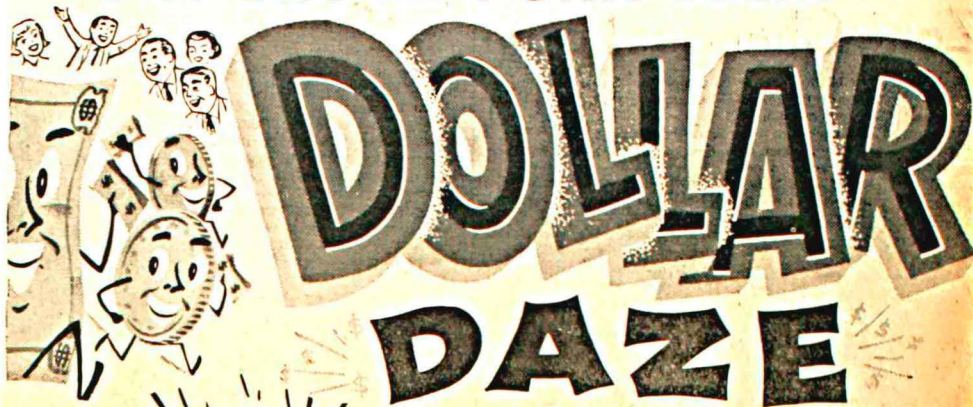

Despite a deluge of requests from area residents and local organizations, asking for Homeland to go with El Cajon, presented at the meeting Tuesday, the board showed reluctance to act. "Suppose Lemon Grove incorporates, as it wants to, then what?" asked one.

At the Tuesday meeting, requests for the boundary change were received from the Lemon Grove chamber of commerce, the Spring Valley chamber of commerce and the Lemon Grove men's club. In addition, protests were submitted on the crowded court calendar by the La Mesa city council and the La Mesa chamber of commerce and the local real estate board. These asked for appointment of another judge.

In addition to these, Mrs. Helen Kleckner, clerk of the board of supervisors, told the board, other letters have been received. No date was set for McLees to make his report on the effects of the boundary change and the question of board authority.

★ The world's largest collection of Indian relics (6000 items) has been purchased by the Southern California Exposition and County Fair at Del Mar. A portion of it will be displayed during this year's event, June 27 through July 6.

## LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

A stork shower for Mrs. Derick Johnson, wife of the Assistant Pastor of Skyline Wesleyan, was recently held at the parsonage. The Women's Missionary Society, under the leadership of their president, Mrs. Freda Brown, arranged the party. An overflow crowd attended, and everyone had a wonderful time. It really was a surprise for Mrs. Johnson, who received many useful and lively things for the baby who is expected very soon.

### LOMITA VILLAGE

Audubon School observed Public Schools Week April 21-25 with an Open House. The outstanding feature was the Science Exhibit in the Auditorium. Parents and students interested in organizing a Little League held a meeting Wednesday evening, in the auditorium. Mr. H. E. Nickman was moderator.

Dr. Terence Geddis reported at the top science students recently took a trip to the Science Center, with their instructor, Mr. Durham. All the sixth graders were recently tested with nation-

ally standardized achievement tests in all the basic subjects. Similar tests in a slightly different form were given the same students last fall. The purpose is to determine the progress made during the intervening months.

Dr. Geddis would like to direct the attention of parents to the Summer Reading Clinic, which is a program that has been maintained for many years by the San Diego City Schools. The Summer Reading Clinic affords a special opportunity to children with reading difficulties. It is held in four different schools throughout the city. The children from Lomita Village, who are granted this privilege, attend Sherman School. The term is from June 16 to July 25. And, believe me, those youngsters certainly do cover ground.

### LOMITA VILLAGE

Parents, do mark May 20, on your calendar. PTA will hold installation of new officers, and there will also be a surprise faculty talent show.

ENGAGED — Mr. and Mrs. Wilfred G. Gooch, 823 Jefferson Street announce the engagement of their daughter, Nancy to Richard C. Quist, son of Mr. and Mrs. Clarence W. Quist, 8409 Golden Avenue. Miss Gooch is attending Mt. Miguel High School and Quist, a Helix High School graduate, is employed by Mod-Mar Floor Company. They plan to be married June 14 in the Lemon Grove Methodist Church.

CANDIDATE — Arva Piepenbrink, well-known Lemon Grove community worker, is one of four candidates seeking election as district school board member May 20. Mrs. Piepenbrink, mother of three, has two children in school and has vital interest in school affairs, she says.

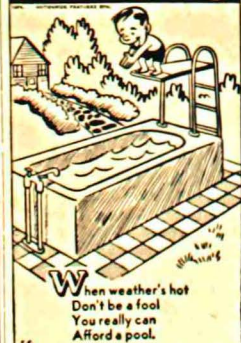

### Real Estate Sales Show Steady Gain

Real estate sales in Lemon Grove, Spring Valley and La Mesa continue to boom as last month's totals show 261 sales, increasing from 238 sales during the previous month. Union Title insurance officials reported this week. Sales for April last year were 322 in line with the ten per cent drop in the county-wide sales picture from a year ago. The national average decline is 17.8 per cent for the same periods.

### VACATION SHOW SET

The first San Diego county-wide home and vacation show opens this Saturday at 2 p.m. in the Electric building in Balboa park for a week's run through May 25. The admission and many attractions are free to the public.

## FREEZER LIVING

## better living for all your family!

A modern home freezer is more than an appliance—it's a better way of life.

FREEZER LIVING means convenience—convenience of shopping, convenience of meal planning, convenience of meal preparations. Cook in quantity when you have the time, then freeze the extra portions for future enjoyment. Prepare complete meals and party refreshments in advance, to serve at your leisure. (And with lots of freezer storage space, you can shop less often.)

FREEZER LIVING means economy. Save by buying foods in quantity . . . take advantage of seasonal bargains . . . stock up on Freezer Food Specials . . . freeze leftovers and keep them till their appetite appeal is "like new" again.

FREEZER LIVING means better meals. Enjoy your favorite foods, frozen at the peak of goodness, all year 'round. Fresh fruits . . . fish . . . game—a freezer knows no season!

There's a modern freezer—upright or chest model—that's just right for your home and your family. Once you own a freezer you'll wonder how you lived without it.

### FREEZER TIP

Bake and decorate a birthday or special occasion cake, frost with a butter or fudge frosting, and decorate; freeze, then wrap in cellophane and store in the freezer until the special day! The cake will be as beautiful and taste as good as the day you made it.

## ALONG CAMPO ROAD

By LAURA BOHM

The rains must be responsible for everything that has seemed extra special this month, including the monthly meeting of the Highway 94 Club held in the Barrett Cafe recently. The tables gleamed white under plates laden with rice and chicken gizzards, and the side order of tamales brought over by the members from Tecate, Mexico.

Ed Leonard, president, said the South Bay Highway Association will meet with the 94 club at Barrett at the May 15 meeting. Charlotte Holcomb gave a brief report of the above association's recent meeting, and stated that Highway 94 will become a free-way as far as Jamacha Junction in the near future.

John McQuillen, County Assessor, chief speaker of the evening, submitted succinctly an outline of the rapid growth of San Diego County and the problems thus involved. Schools and existing roads are the main issues to be solved. He also explained how the sharp inflation in land values and population results in the increased assessed valuation of properties.

—Campo Road—

Home Center had a fine meeting April 15, with Mrs. Dorothy Schmid as hostess in her delightful roomy and cheerful old-fashioned house.

Members discussed their display booths to be presented at the Del Mar Fair in June. Prizes were given for the best ideas. Mrs. Leona Woods won first prize for her ideas on a booth on "Home Management." Second prize went to Mrs. Maggie Page for a booth on "Nutrition." And to be fair to the prize givers, I won third on a booth "Home Furnishing." So "Home Management" will be our theme for the Fair.

Lunch was served on Dorothy's breeze-fanned, oak shaded back porch. It was the right kind of setting for the fresh strawberries served as dessert.

—Campo Road—

4-H members and their sponsors staged their annual "Cake and Pie Social" April 26 in the little white school house. Entertainment was varied. Dave Henshaw, Farm Advisor from San Diego showed colored slides on Japan.

nis (formerly Jeanne Clark of the Stage Coach Ranch) of Spring Valley on March 12. He will answer to the name of Robert Wayne Minnis, Jr. His daddy was a school teacher . . . Mrs. Maude Sperry has done it again; become a great grandmother for the fourth time. The wee one was born April 10 at Grossmont, parents, Mr. and Mrs. James Moulder of Spring Valley. Mrs. Moulder was formerly Beverly Sperry of El Cajon . . . The new home owners in Dulzura, Robert Thayer and family who purchased the O. R. Thompson place suffered the only severe damage of our recent April showers. Their well caved in, and the pump tumbled in after it. Also two large oak trees near the house decided to pull up their roots and move. In doing so the house was damaged in several places. Now the Thayers have decided to build a fireplace to make use of all that fine oak wood . . . Barrett Dam has had its water level raised a hundred feet with the season's moisture . . . The highest it has been since 1952 . . . And according to Archie Keenan, the creek will continue to rumble and roar with the water from Barrett Dam until next fall.

## Grove Table Set For Scout 'Blast-Off'

Lemon Grove Boy Scout leaders will participate in this week's "blast-off" dinner program in San Diego aimed at raising \$658.97 to purchase and develop a 679-acre scouting reservation of Mataguay near Warner Springs. The dinner, Thursday night at 7 p.m. in the Balboa club of Balboa Park, will be addressed by Kenneth K. Bechtel, national president of the BSA.

Wayne Hoy, Lemon Grove area chairman, has reserved a special table for his group at the opening campaign program, according to George L. Cox, La Mesa campaign chairman for the Grossmont scout district.

## Coroner Candidate Seeks Support

Jack E. Rogers, candidate for county coroner, this week asked for support of voters. Rogers, 35, is a World War II veteran, married and father of one child. He is a native of San Diego county resident and now resides at 256 Del Mar avenue, Chula Vista.

Rogers' qualifications include operating private ambulance service several years, two years experience as deputy marshal and a background of operating his own business.

## Mt. Miguel Seniors Present Seven-scene Play Next Week

Despite the hectic problems of high school seniors' last few weeks, Mount Miguel's first senior class has taken on an additional responsibility — a senior play. On May 29-30 the seniors will present Ferenc Molnar's *Liliom*, a fantasy in seven scenes.

Cast in leading roles in the story from which Rodgers and Hammerstein wrote *Carousel*, are Carol Rhodes as Julie and John Cornelius as Liliom.

Amidst early 20th century Budapest, you will also meet Nina Walton as Mrs. Muskat, Mike Thornburgh as Ficsur, Judy Thompson as Marie, Elizabeth Adams as Mother Hollander, Bruce Chassy as Young Hollander.

Lana Jacquith as Louise, Chuck Beistline as Wolf, Terry Miller as Linzman, Byron Cannon as the magistrate. Other senior cast members include: Ron Schrupf, Dave Marusa, Vern Booth, Ellis Edenfield, Curtis Barlow, John O'Gara, Dennis Lake, Donald Benedict and Charles Gimben.

Basically, *Liliom* is a live story — the story of the awkward, pathetically beautiful romance between Liliom, barker and bouncer at Mrs. Muskat's carousel, and Julie, young servant girl.

Julie's giddy friend, Marie, has her own romance to worry about, in the form of Wolf Beistfeld, a soldier. The story even includes a villain of sorts in the whining, shiftless Ficsur.

From the gay carnival prologue scene, complete with the music of a wheezing callopie, to the empty field on the outskirts of the city where Liliom meets his fate, one watches the story of a confused, misunderstood fellow unfold.

Liliom's meeting in the Beyond with the police magistrate adds a flavor of folklore to the story. And 16 years later, in the last scene, we see what has happened to the people he loved so dearly.

Performances on May 29 and 30 will begin at 8:15 p.m. in the Miguel auditorium. Ticket charge will be: Adults \$1—Students 50c.

### THAT TELEVISION LOOK

Rubbing your eyes until they're nice and red will help create the impression that you have a television set. — W. E. H. in *Mason City Globe-Gazette*.

### ICE CREAM SOCIAL SET

The two Methodist youth fellowship groups are putting on an old-fashioned ice cream social at the Lemon Grove Methodist Church, Sunday, May 18, from 3 to 5 p.m. They will serve ice cream and cookies for a donation and they will have on sale home-made cakes. These youth are working toward a camping fund for the summer by doing service in several areas.

## Fly-By-Night Peddler Fake Draws Fire

Area home owners can start looking for the door-to-door peddlers with "guaranteed" gimmicks now as the fly-by-night operators converge on residential areas with everything from fake fertilizer to shrubs that won't live.

The humus peddlers—who sell dirt and grime of no fertilizing value—are second only to the "nurserymen" who sell trees and shrubs which won't live. Better Business officials caution to deal only with reputable, established firms.

Also on the trick list are roof sprayers spraying alleged aluminum paint on roofs. The "paint" turns out to be colored fuel oil that washes off at the first touch of rain. Then there are driveway repair artists who use crankcase oil instead of road sealers and painting and remodeling contractors who leave behind poor workmanship, shoddy materials and sometimes a trail of lies.

## Judge Garfield Asks Court Consolidation

Judge Fenton Garfield appealed to the San Diego county board of supervisors Wednesday of this week to add \$20,960 to the El Cajon municipal court district budget for salaries of another judge and court clerk and asked that

the Homeland district be included in the El Cajon municipal court district. The supervisors took Garfield's requests under advisement.

Garfield pointed up congestion on his court's calendar with an illustration of the 28 small claims cases laid aside in order that he might appear before the board.
